I am writing to request a meeting with you during the September 26 and 27th Washington, DC Fly-in of the Halliburton iMPACT group.

iMPACT is comprised of the next generation of leaders within our company. These men and women are all high potential employees and represent a diverse segment of Halliburton's product service lines and the regions/district locations where we operate in the U.S. This year, 10 individuals will be participating in the Fly-in representing our production enhancement, cementing, landmark digital oil field, completion technologies, supply chain and consulting and project management service lines.

The iMPACT group will be in Washington on September 26th all day and departing in the afternoon of September 27th. The Halliburton team would welcome an opportunity to sit down with you and discuss the political and regulatory matters your agency is addressing along with your thoughts on ways iMPACT and Halliburton can assist in advancing the energy dominance objectives of the Trump administration.

The group's itinerary is fairly open but we would welcome your participation during our dinner in the U.S. Capitol (LBJ Room) on the evening of the Sept 26th 5:30 pm to 8:30 pm or we would welcome a

Dear Sir or Madam,

Good morning.

I'm the Sr. Director of Public Policy for the Petroleum Equipment & Services Association (PESA) which represents the oilfield service, supply, and manufacturing sector. Our member companies – including Halliburton, Baker Hughes and Schlumberger – look forward to working with Secretary Zinke and his team to promote the environmentally responsible development of energy on public lands and offshore waters.

PESA is holding its Executive Washington Fly-in from September 26 through September 28 and we would be honored to have the Secretary address the forum. We invite the Secretary to join us for a policy discussion over breakfast or lunch on Wednesday, September 27 or Thursday, September 28, but will certainly accommodate whatever his schedule permits. Please find attached a letter of invitation from Dan Domeracki, VP, Government, Industry and Global Stewardship for Schlumberger and Vice Chairman of PESA's Board of Directors which provides more details

For your information, we have mailed the original to the Interior Department. If you have any questions or need additional information, please let me know. Thank you in advance for your assistance.

Hi Downey,

Thanks for meeting this week. We really appreciate all your efforts.

I am wondering if you can point me to someone to contact for a meeting regarding the Lake Powell Pipeline? I have a group including: state legislators, local officials and water districts requesting a meeting with Secretary Zinke (or a deputy) on October 3 or 4. The purpose is to follow up on the Delegation's endorsement of the District's request to align these Interior agencies under one DOI lead to help facilitate and coordinate an expeditious environmental review and permitting process for the Lake Powell Pipeline. (Delegation's letter is attached for your convenience). FERC is the lead agency, but we will arrange for a separate meeting with them.

Thanks for your help. Please let me know who I can contact to see if this is a possibility.

Date: Tue, Aug 22, 2017 at 6:40 PM To: Linda Thurn clthurn@blm.gov>

Good afternoon -

In follow up to the meeting we had with Kathy and Casey in Denver, we would like to submit an additional meeting request with the Department Sage Grouse Task Force Team. Would it be possible to schedule a meeting for the first week in October (October 2-6) or if we need an alternative week, the last week in September (September 25-29), we are flexible on the day in order to accommodate the team's availability. The attendees for this meeting will be representatives from ConocoPhillips and the Intermountain West Joint Venture (IWJV).

We would like to help contribute toward the stakeholder process by providing our perspective and history of engagement and collaboration. We are still working to firm up the IWJV representatives but the ConocoPhillips attendees will be: Carey Farmer - Wyoming and Utah Operations Asset Manager, Donna Williams - Regulatory Supervisor, Jean Semborski - Environmental Supervisor and Kjersten Drager, Manager for Government Affairs and Strategic Advocacy.

The mission of the IWJV is to conserve priority bird habitats through partnership-driven, science-based projects and programs. They were instrumental in the Sage Grouse Initiative. As the largest of the

16 11/19/2018 3:44 PM

U.S. Habitat Joint Ventures, the IWJV was established in 1994 to catalyze bird habitat conservation through the collaborative power of diverse public-private partnerships.

The IWJV operates across all or parts of 11 western states and encompasses some of the most diverse and intact landscapes in the West. Important habitats in this region include wetlands, sagebrush-steppe, cottonwood-lined riparian galleries, grasslands, aspen woodlands, and Ponderosa pine woodlands and savannahs. They provide continentally and regionally significant habitat for a suite of waterfowl, shorebird, waterbird, and landbird species such as Greater Sandhill Crane, Greater Sage-Grouse, Northern Pintail, Cinnamon Teal, Wilson's Phalarope, American Avocet, White-faced Ibis, Long-billed Curlew, Willow Flycatcher, and Lewis's Woodpecker. Protection of these bird species is dependent on many partners, working together in the Intermountain West, to strategically conserve large tracts of habitat needed by these species for food and cover. Please let me know if you have any questions and we look forward to this meeting.

Thank you!

Meeting w/ Pershing Gold re: Pershing County Lands Bill -- Room 6616 Tracie,

I would like to request a meeting with Katharine MacGregor to discuss the Pershing County Lands Bill. Attendees would include Debra Struhsacker, VP of Pershing Gold, and their DC Representative, Allen Freemyer. Would Ms. MacGregor be available to meet with them on September 19th?

Thank you.

Hi Kathy and Kate,

I hope this message finds you well.

On October 10, Laura Nagy, Avangrid Renewables' Director of Permitting and Environmental Affairs, will be in D.C. We write to request a meeting with you both to discuss BLM's competitive leasing rule, specifically the change in rent fee provisions. As you may know, the Competitive Leasing Rule called for a significant increase in rental fees for our Tule Wind Power Project under construction in eastern San Diego County, California. Tule is the first utility-scale renewable wind-energy project approved on BLM lands in San Diego County. As approved, it consists of 62 wind turbines, generating up to 186 megawatts.

Since receiving notice of the increased rents, we have been working through the IBLA process and the El Centro Office (Tom Zale) to address a number of concerns with our bill. We've also been in contact with Senator Barrasso's office as he is considering legislative language to address the rent increase for certain projects.

Do you have some time for us to come by to share our concerns with the rule? We are currently free all day.

Also, I'd like to take this opportunity to invite you to visit the Tule Wind Power Project at your convenience. Laura and I would be happy to discuss a tour during our meeting.

Thank you, Elissa Levin

Meeting w/ Independent Petroleum Association of America (IPAA) Land and Royalty Committee -- Room 6120

Good Afternoon Kate-

I am writing to request a meeting with you on October 11th sometime between 8:30AM and 12:30PM. Leadership from IPAA's Land and Royalty Committee will be flying in that week in an effort to meet with DOI officials. Our goal for this meeting would be to gain better understanding of DOI/BLM priorities and discuss ways IPAA and our member companies can help provide BLM with information to make the permitting process more streamlined. Below is a list of confirmed attendees. With myself and my boss, Dan Naatz (Senior VP, Government Relations and Political Affairs for IPAA), that would bring our total attendees to 7.

Shane Schultz - Director, Government Affairs - QEP Resources Eric Dille - Vice President, Government Relations - EOG Resources Brian Woodard - Director, Regulatory Affairs - Chesapeake Energy Corp.

Jesse Sandlin - Senior Supervisor, Public and Government Affairs - Devon Energy

Kristen Lingley - Senior Government Relations Advisor - Encana Dan Naatz - Senior Vice President, Government Relations - IPAA Mallori Miller - Director, Government Relations - IPAA

We are seeking no more than a half hour of your time and would be very grateful for any time you can afford. Thank you for your consideration.

Sincerely, Mallori

Ext. Meeting with Mosaic Fertilizer -- Room 6071

I work for former Senator Trent Lott and Ms. Lassiter recommended a few weeks ago that I reach-out to you for a meeting with Mr. Hammond. Kate MacGregor toured Mosaic's phosphate mine in Carlsbad NM earlier this year, but I know she's been traveling (I saw her this week in WY) so this request is for Mr. Hammond.

Mosaic's Head of Government Relations (Lorine Card) and VP of FInance (Chris Gabe) would like to visit with Mr. Hammond about a royalty valuation issue that's been outstanding for several years.

We'd request 45 minutes - 1 hour maximum the week of October 23rd, with a special emphasis on Wednesday the 25th, Thursday the 26th or Friday the 27th.

Quick backgrounder: Mosaic Fertilizer, LLC ("Mosaic") one of the world's largest fertilizer manufacturers, conducts mining operations in Florida that sometimes includes mining federal phosphate leases managed by the Bureau of Land Management ("BLM"). As the result of an audit that lasted nearly two years, the Office of Natural Resources Revenue ("ONRR") informed Mosaic that the royalty valuation methodology that Mosaic has historically used, issued in 2002 by the Minerals Management Service's Minerals ("MMS") Revenue Management ("MRM") program (ONRR's predecessor agency) was invalid. The ONRR audit report did not specify a new royalty valuation methodology for Mosaic to use for future royalty calculations. Mosaic's appeal of that decision is currently before the Director, ONRR, and that appeal has now been pending for approximately 30 months without resolution. We are looking to update your office on this matter.

Many thanks, Lem Smith

Hello Tracie,

I am helping Tammy Pearson, Commissioner Beaver County, UT, with the scheduling and presentations in DC next week. We would like to request the opening on Thursday, October 26th, from 10:30-11:00. Thank you for your assistance in setting up this meeting. Please keep me in the loop if there are any changes and I will do the same. We greatly appreciate the opportunity to meet with Kate and Casey.

Best Regards,

Monthly Meeting with ASLM/Kate MacGregor -- Secretary's Office

The scheduling office will be reaching out to schedule a monthly meeting with the Secretary. This meeting will be scheduled for 1 hour and is intended to be a more comprehensive discussion of your hallway's work. This should, at a minimum, be a deeper dive on issues presented at the bi weekly's and other department business under your direction that warrants the Secretary's awareness and or thoughts and guidance. Any items for Secretary decision should still follow previous Deputy Secretary direction and process. The Deputy Secretary has an open invitation to attend all meetings based on his availability and convenience.

You are encouraged to bring Senior and SME staff as necessary. Please coordinate all participants with Downey in advance along with an advance copy of material to be covered

Ext. Meeting re Mosaic Fertilizer (fyi, cancelled now) -- Room 6616

I work for former Senator Trent Lott and Ms. Lassiter recommended a few weeks ago that I reach-out to you for a meeting with Mr. Hammond. Kate MacGregor toured Mosaic's phosphate mine in Carlsbad NM earlier this year, but I know she's been traveling (I saw her this week in WY) so this request is for Mr. Hammond.

Mosaic's Head of Government Relations (Lorine Card) and VP of FInance (Chris Gabe) would like to visit with Mr. Hammond about a royalty valuation issue that's been outstanding for several years.

We'd request 45 minutes - 1 hour maximum the week of October 23rd, with a special emphasis on Wednesday the 25th, Thursday the 26th or Friday the 27th.

Quick backgrounder: Mosaic Fertilizer, LLC ("Mosaic") one of the world's largest fertilizer manufacturers, conducts mining operations in Florida that sometimes includes mining federal phosphate leases managed by the Bureau of Land Management ("BLM"). As the result of an audit that lasted nearly two years, the Office of Natural Resources Revenue ("ONRR") informed Mosaic that the royalty valuation methodology that Mosaic has historically used, issued in 2002 by the Minerals Management Service's Minerals ("MMS") Revenue Management ("MRM") program (ONRR's predecessor agency) was invalid. The ONRR audit report did not specify a new royalty valuation methodology for Mosaic to use for future royalty calculations. Mosaic's appeal of that decision is currently before the Director, ONRR, and that appeal has now been pending for approximately 30 months without resolution. We are looking to update your office on this matter.

Many thanks,

Lem
